

Public Service Announcement - The Party's Over

Contact Information: Lindsay Grace, 1-800-Don't Call
: 45 seconds

Video	Audio
Students at party.	Joyful screaming and yelling drowned by beat-driven DJ music.
<i>Four students leave</i>	<i>DJ music continues</i>
<i>Cut to low angle. Car door slams closed.</i>	<i>DJ music continues.</i>
<i>Cut to Black</i>	Tire squeal and screech.
Black	Collision. Music stops. Silence
<i>Black</i>	Distant, strained breathing and coughing.
<i>Black</i>	Voice Over: The party's over when you drink and drive. Many young adults experienced the effects of drinking and driving.
<i>Cut to: Canted angle Inventory POV of car crash</i>	Voice Over: Friends lost. Amputated limbs. Never being able to walk again.
<i>Fade to black</i>	Strained breathing, hectic, gasping. Stops.
<i>Black</i>	Voice Over: The lucky ones are caught, thrown in jail, and only lose their license.
<i>Black</i>	Voice Over: Think before you go to the party. If you're going to drink, take the train, take the bus, or cab it home. Don't end your night in an ambulance, or worse.
